Home Learning Week 22: Revision

L.O: This week we will be carrying on with revision of past topics.

Salatul Witr is often prayed during the Isha salah. It has 3 rak'ahs but in the third we recite Surah Fatihah and some other verses from the Qura'n followed by du'a Qunut. Before we do this, we should raise our hands up to our ears and say 'Allahu Akbar' and then recite the du'a. Use the YouTube link to refresh your memory and then write down the du'a in your books or in the space below: <https://m.youtube.com/watch?v=we1TxI9ghk8>

As you may already know, praying Salatun Jumu'ah (Friday prayer) is Fardh for all muslim adult men. Women can also pray this Salah, though it is not a must. This is prayed during Zuhr time every Friday in a congregation (typically at a masjid) after a Khutbah delivered by the Imam. A Khutbah is an Islamic talk or sermon. Salatun Jumu'ah is prayed in a different way to our 5 daily Salah. The main difference is the intention and number of Rakahs we pray.

Now that you have read this information, label the following statements as true (T) or false (F):

- a) Salatun Jumu'ah is Fardh for both adult men and women.
- b) There is always a Khutbah which is delivered by the Imam or leader.
- c) Both Zuhr and Jumu'ah Salah have to be prayed.
- d) Jumu'ah can be prayed alone at home for both men and women.
- e) Jumu'ah prayer can be prayed any day of the week.

There are certain situations where it is allowed or permissible for us to perform Salah with Tayammum. Read all the boxes below and identify which statements are correct. Once you have done this, write these down in your exercise books.

Tayammum can be used when the water available is insufficient for Wudu. An example of this can be when we are travelling and only carrying a small amount of water with us.

We can use Tayammum when water is not available to us.

It can be used when using water for Wudu could be harmful. E.g When we are sick or have a particular illness.

Tayammum can be used when we feel lazy or too cold to use water for Wudu.

As you have learnt in lesson, the Qura'n is the final revelation from Allah to mankind, and this revelation came from the Prophet Muhammad (s). This was sent to us as the previous books that Allah sent no longer existed in their original form because they had been changed and adapted with time. Now the Qura'n is the final and complete guidance of all humanity until the end of the world making it very important for all muslims today. The Qura'n has never changed and has remained unchanged over the last 1,400 years this is because Allah has protected the Qura'n from this change. This protection will continue until the last day.

Now that you have read this, create a poster on the importance of the Qura'n using the above information and your own knowledge.

A large, empty rectangular box with a thin black border, intended for the student to create a poster about the importance of the Quran. The box occupies most of the page below the instruction.
